Old Landmark Goes

Construction Starts On Church Of Christ

Workmen Tuesday began dismantling the old Church of Christ building, 100 E. Third St., to make way for a new \$30,000 sanctuary on the same site.

General contracting bid went to Graham Construction Co., Cameron, for the 4100-square foot, brick structure. Builders have 140 working days to complete project.

Air conditioning contract for the new church went to Bush Construction Co., Cameron.

The old church steeple was pulled down earlier this week to start wrecking procedure at the Third St. and N. Central cornersite.

Old City Landmark
The white, frame structure had

been a landmark in Cameron for more than 70 years. It formerly was the First Presbyterian Church until the Presbyterian congregation built a new structure about 30 years ago at 102 E. Fourth St.

O. A. White, a leader in developing plans for the new Church of Christ building, said that R. L. Batte donated the steeple building to the Church of Christ congregation after buying the building from the Presbyterian congregation in 1926.

The tall steeple was a notable feature on the Cameron skyline. The building itself is one of the last church structures here remaining from pre-1900 days.

It had been moved one block north from its former site when occupied by the Church of Christ congregation.

The new sanctuary in the modern one-floor building will hold about 250 people, White said, with Bible school facilities for about 250. The congregation numbers about 100 members, he added.

Classroom Planned
Included in building plans is a frame classroom with one end enclosed in brick, White said.

Members of church building and finance committee are R. L. Batte III, James T. Wade, W. W. Burroughs, C. T. Dodson and White.

Officials said the congregation will meet in the arena of the Cameron Livestock Auction until construction is completed. Regular services and schedules will be followed, they said.

USAF Honors Deceased Flier In Dedication

A recreation area now under construction at Lincoln Air Force Base, Lincoln, Neb., has been named after the late flier son of Mr. and Mrs. Leon Bowling, of Gause.

The recreation area was named after their son, Air Force Capt. Russell R. Bowling, who was killed in an aircraft accident while on temporary duty last summer in England.

He was serving with the 371st Bomber Squadron when the accident occurred.

Mr. and Mrs. Bowling were notified of the honor in a letter from Col. Perry M. Horsington, commander of the 318th Air Division.

Capt. Bowling flew 46 bomber missions during World War II and received the Distinguished Flying Cross, the Air Medal with seven oak leaf clusters and the Purple Heart.

Col. Horsington wrote Mrs. Bowling that "we feel an area such as this will be a fitting memorial to Capt. Bowling because it typifies the young American's love for our great outdoors and its wonderful natural resources."

Two Features Start Today In The Herald

The Herald this week introduces two special features which reflect outstanding attributes of Cameron and Milam County citizens—friendliness and sincere interest in The Church.

On Page 2 The Herald presents an enlarged church feature made possible by 29 Cameron concerns and individuals.

And on another inside page Herald readers will find a Welcome to new residents of the city or those who have moved back to Cameron.

Ten sponsors thus far extend a friendly welcome through this feature.

The church feature lends support to Cameron's most vital center, The Church. Your Cameron newspaper invites your interest in this church service, one that brings a message to all denominations.

It presents as well complete listings of all Cameron and surrounding communities' churches, their schedules, locations and ministers. Also included is a daily biblical reference for readers.

Sponsors of the once-a-month Welcome Newcomers feature are speaking for all Cameron and Milam County when they spell out W-E-L-C-O-M-E to new residents.

FB QUEEN — Miss Mary Smith, upper left, daughter of Mr. and Mrs. Wayne Clark, San Gabriel, was named Milam County Farm Bureau Queen in a beauty contest Thursday. Runner-up was Miss Nelda Zoe Charles, daughter of Mr. and Mrs. Otis Charles, Rt. 3, Rockdale. Four contestants competed for the crown at Simon-George Hall.

Author Seeking Research Data

Know any Milam County descendants of Texas pioneers who fought in the Alamo?

A New York author is seeking research material for a book on that historic Texas battle. He believes some Milam Countians may have some materials for reference material.

Walter Lord, a New York writer, notes in a letter to The Herald this week that three members of the Alamo garrison were from Milam County.

He asks whether or not Herald readers may know of or have any old letters, papers, clippings or family legends that might throw new light on the Alamo story.

Anyone with pertinent information should contact The Editor, Cameron Herald.

San Gabriel Girl Wins Crown In Farm Bureau Beauty Contest

Miss Mary Smith added another crown to her beauty contest successes Thursday night when she was named queen of the Milam County Farm Bureau.

A crowd of 500 people attended the contest at Simon-George Hall. A 1957 graduate of Thorndale High School, Miss Smith was crowned queen by the late flier son of Mr. and Mrs. Leon Bowling, of Gause.

Selected runner-up by the panel of three out-of-county judges was Miss Nelda Zoe Charles, 17, daughter of Mr. and Mrs. Otis Charles, Rt. 3, Rockdale.

Parents of Miss Smith are Mr. and Mrs. Harry Wayne Clark, San Gabriel.

Miss Smith has won queen honors as "Miss Belton Reservoir" and "Miss Rockdale" in earlier contests.

She also had entered the "Miss Texas" beauty contest at Lake Whitney.

Miss Margie Mayer, 17, Rt. 1, Cameron, and Miss Nona Bess Mills, 17, Milano, were other contestants. Miss Mayer is the daughter of Mr. and Mrs. Charles Mayer and is a senior at Yoe High School.

Miss Mills is the daughter of R. L. Mills.

Master of Ceremonies during the beauty contest was Bill Hoover, information director of Texas Farm Bureau, Waco. He introduced the contestants and quizzed them on Farm Bureau activities and farm life.

President Tomlinson introduced Hoover and the rest of the program.

Joint 4-H Camp Set For August 8

The joint 4-H Girls and Boys county camp will be in Ledbetter Park in Cameron, Thursday, August 8.

Registration will be from 8:30 to 9 a.m.

For further information, contact the Milam County home demonstration agent or assistant county agent.

Swimming and games are planned for the entire family. Barbecue will be served for the evening meal.

Resolution Stirs Talk On Roadway

The Milam County Commissioners Court has passed a resolution criticizing a 'lack of action' of the Cameron city council in allowing the US 77-SH 36 widening project here to become dormant, according to a copy of the resolution in the court minutes.

But Mayor Robert Weems and Councilmen Richard Moseley and Charles Brady Tuesday said the council had advised the state in a May letter money would be available in the 1957-58 budget for curb and gutter.

The new fiscal year begins October 1.

In a council meeting June 4 city fathers heard a letter from

C. B. Thames district highway engineer asking when the city would be able to curb and gutter along the proposed widened stretch from the east underpass to North Travis.

Brady said the council had not yet received specifications on exact road lines so that obstacles such as poles and trees can be cleared.

Councilmen also said this week that unexpected right-of-way expenses had depleted funds previously set aside for curb gutter, sidewalks and storm sewers.

The resolution asked the council to take immediate action to reschedule the project and offered the commission's assist-

Officials Urge Poison Check

City officials this week asked that businesses downtown refrain from putting insect poison out on the sidewalk because water pressure is now insufficient to wash away dead crickets swept into gutters.

Business operators have been placing poison along the edges of their windows and on the sidewalks, officials said, then later sweeping the crickets killed by the poison into the street gutter.

All was fine they said until the water pressure went down. Summer watering schedules at Cameron homes were blamed for the low pressures.

Officials now ask that poison be sprinkled only in the entrance ways since the city is unable to continue washing them away on the recent twice-a-week schedule.

"Crickets in the street gutters now would have to stay until the pressure comes back," Mayor Robert Weems said.

San Gabriel Meet Set For August 12

A meeting to discuss flood-prevention in the San Gabriel River watershed and prepare for the watershed-wide election August 24 will be at the school building in San Gabriel 5 p.m. Monday night, August 12, James F. Guthrie will preside.

All Milam County citizens in the San Gabriel River watershed have been invited to attend.

Directors of the district will be on hand to explain the program and answer questions. H. B. Fox on Circleville, chairman, will give the main address.

On August 24, citizens of the watershed which extends from Burnet in Burnet County through Williamson County into Milam County will vote on formal approval of the district and on \$10,000 in preliminary bonds. Jim Stewart of Sharp will appear on the ballot as a prospective director, along with five others from throughout the watershed, with five to be elected.

If the election carries, a second election will be called to vote on \$140,000 in bonds. The two bond issues, totaling \$150,000, will represent the watershed's entire cost in the project which would include approximately 50 dams to prevent floods like the one last April.

Buckholts Troop Wins Campcraft At Camporee

Buckholts Boy Scout Troop 190 last weekend won the campcraft events in the Texas District Camporee here at Wilson-Ledbetter Park.

The two-day camp was held Friday and Saturday.

Burt Kennedy district Scout executive has extended an invitation to Cub, Boy and Explorer Scout leaders to attend a Roundtable 7:30 p.m. at the First Presbyterian Church. The camporee attracted Scout Troops from throughout Milam County.

Troop 83 of Cameron won second in campcraft events in the weekend camporee. Kennedy said, Rockdale's Troop 50 and Scout Troop 52 of Cameron tied for third.

The Rockdale unit won the swim meet and will compete in council swimming competition on August 6 in Waco.

Kennedy said program material for the coming year will be available at the Roundtable August 6. Ideas for program planning will be presented he said.

Services Held Here For Former Countian

Funeral services were held on Wednesday morning at Green's Funeral Chapel for Charley Weber, 89, former Buckholts resident. Burial was in North Elm Cemetery.

Weber, a retired farmer, died Monday afternoon in Orange, Texas. He had lived most of his life in Buckholts, moving from there in 1949.

Survivors include seven sons: George and Clarence Weber of Texas City; Jesse, Buckholts; Maxie of Chicago; Charley of Houston and Jack and Billy of Lake Charles, La.; two daughters; Mrs. Claude Stubbs and Mrs. E. H. Houston of Texas City.

He is also survived by one brother, Fritz Weber of Marlin, 15 grandchildren and one great grandchild.

Rotary Club Defeats Colts Tuesday, 13-3

The Little League Indians and the Rotary Cats have been crowned champions of their respective leagues after final games early this week.

The Cats defeated the 100F Colts, 13-3, Tuesday night in the final Pony League crown. Both league winners received championship trophies.

A large crowd was on hand on Monday and Tuesday nights to see the final games in both leagues.

The Cats won, 13-3, behind the five-hit pitching of Pat Dillon. They had scored two in the first and eight in the third to clinch the win. The Colts took a temporary lead with a three-run surge in the second.

Dillon gave up only one hit. The Indians took the championship game with the Braves with 11 hits for a close 8-7 victory.

Early scoring made the difference for the Indians as they pushed across seven runs in the first two innings and the winning run in the fifth.

Braves Hit 7

The Braves got seven hits including a homerun by R. Moraw in the fifth. They scored late in the sixth with B. Jones and D. Jones crossing the plate with two markers.

Four Indian hitters collected two hits during the game. They were M. Mikola, R. Eickenhorst, B. Dymke and E. Schattler.

Pitcher Dymke cleared the fence with a round-tripper in the second. He struck out six Brave hitters during the contest while Brave Pitchers D. Jones and J. Cook combined to strike out eight.

Crop Report

Maize Harvest Starts On Limited Scale

Most crops were given a boost by the rain last week ranging from showers up to two inches in the north part of the county. Crops benefiting most from the rain were late corn, maize, he-garia, cotton and hay meadows.

The early corn and maize crops were too far advanced to receive much benefit from the rain. Maize harvest started this week on a limited scale. Early maize is falling badly and many farmers are concerned about harvesting the crop before it falls. This weakness has developed in maize since the dry, hot weather has set in.

Corn and maize harvest will be a prolonged operation lasting through August and September due to late feed crops.

Cotton is fruiting heavily and shows promise of a good crop. A surplus of hay will be produced in the county. Livestock conditions continue good.

3-Way Race For Title Looms In Grid Loop

"It will be a scrap between University High, Stephenville and Cameron for the 9AAA conference crown this year."

That's the word Central Texas sportswriters will hear about the Yoemen's grid conference outlook next week in Dallas during the Texas High School Coaches annual coaching clinic.

And the statement will have the ring of authority since Coach Leo Jackson, YHS grid mentor, has a pre-season outline of three of the schools. He is press representative for the United Press 9AAA conference.

In a first-break interview with The Herald, Coach Jackson ventured his prediction on things to come in Cameron's grid circles based on reports from rival conference coaches.

"Stephenville's definitely in the running with U High (Waco) and YHS ready to go," Jackson told The Herald. "It looks like LaVega is two years away with their rebuilding program while Killeen lost 13 lettermen from the '56 troop."

Yoemen Strong

Cameron itself appears a strong candidate for the crown. Even Jackson says so. He has 17 returning lettermen, including his entire starting '56 backfield.

Returning lettermen are: Jesse Kirk, Bobby Elliot, Hubert Marek, Warren Rinn, Toddy Lawrence, Archie Mraz, Johnny Davis, Guy Dillon, George Zarosky, Jimmy Smalley, Raymond Tepera, Allen Dodson, Sidney Koranek, Lee Hol-las, Ray Green, Arthur Marek, and Gene Hillman.

But U High, says Jackson, is due a good club with an undefeated '56 B-team to pad the 1957 varsity roster along with stalwarts Carl Gatlin at fullback and Arthur Fuentes at half. The Waco squad skipped through the '56 conference with four straight victories.

Where's Stephenville? Doing all right, says Jackson. A 3-1 second place squad last year, the Yellow Jackets have 12 lettermen back. They lost eight in spring graduation.

2 Veterans Return

Back again are All-District Guy Golden, senior halfback, and speedy Mike Keahy, fullback and team tri-captain. Coach Scott McCally complains of no passer and weak spots at quarter and ends. Stephenville was second in the

conference last year. In the Yoeman camp Jackson has a team that will average about 155 in the backfield and 165 in the line. He is expecting his '57 backfield to shape up as one of the best in years with All-District fullback Guy Dillon and HB Warren Rinn, second-team all-district last year, returning.

Jackson hopes that 195-pound Dillon, a senior, will develop further this year. His veteran squad will be tough on defense with such standouts as HB Johnny Davis and end George Zarosky in the lineup.

He rates Raymond Tepera a tough line backer and Ray Green and Gene Hillman, 205-pound senior tackle, outstanding on both offense and defense.

Seven Graduate
YHS lost two all-district players in 1956, Monroe Bayer and Paul Hoelscher and five other lettermen, John Solomon, Johnny Ruback, Kenneth Bowley, Billie Kostroun and Ferrell Angell.

But up from the B team are Johnny Tepera, Paul Young, Joe Humplik, Griffith Barrett, Roger Terry, James Fontaine and Burns Thomas among others to fill the gap.

Jackson says his squad should be fast this year running off the usual T formation.

Back to opponents again, Jackson says U High has lost All-Stater Milton Jiruecha, QB Robert Duty and tackle Wendell Crunk. But, he warns, they can come up with replacements that puts them and Stephenville in the Teams-to-

beat brackets. Jackson and his assistants, Jim Speer and Murphy Webster, will be in Dallas a week starting Sunday for state coaches clinic.

They will be among 2,000 high school football coaches who will hear Oklahoma's Bud Wilkinson and Tennessee's Bowden Wyatt discuss winning football. They will see the all-star North-South high school football game August 9 in the Cotton Bowl to climax the meet.

Last year's conference outcome was:

	W	L
U. High	4	0
Stephenville	3	1
Cameron	2	2
Killeen	1	3
La Vega	0	4

Boost For Big One

It's not too early to be thinking about North Milam County's United Fund drive coming up this fall. Last year, the first United Fund drive went over with great success in reaching for a \$13,634 goal. Recently Fund officials reported that 83.48 percent of the 1956 pledges had been collected.

Major benefactors from the funds have been the Boy and Girl Scouts, Salvation Army, American Red Cross, Heart Fund and the Cameron Library.

Those who remember when all these organizations boosted individual campaigns will agree that one large drive for all the participating charities is more satisfactory from the giver's viewpoint.

And Fund officials here said that many contributions to the United Fund probably exceeded the total given in a number of individual drives.

All of these charities serve fine services in the fields of health, youth development or education. But they sometimes are the victims of misunderstanding when, one by one, they file by a contributor's home or business for donations.

The North Milam County United Fund is the answer. Each charitable organization receives a proportionate share of total contributions based on need in this area.

We hope the Big One goes over with smashing success in its second year.

THE LITTLE RIVER PHILOSOPHER

LR Thinker Volunteers Self
For Space Endurance Test

By J. A.

The Little River Philosopher discusses, of all things, space flight this week. It's hard to tell what conclusions he arrives at.—Ed.

Dear editor:
Among a lot of things I never expect to take any active part in is a flight through space.

If anybody else wants to, it's all right with me, just as I have no objection to a man trying to run a mile in four minutes, so long as it's him trying it and not me, but a problem has come up in space flight that has the scientists worried and I don't mind giving them the benefit of my experience.

According to an article I read last night in a copy of a newspaper an insurance salesman left here about mid-afternoon while he was trying to beat my dog to his car, scientists are now worrying over what will happen to the mind of a man sailing effortlessly through space. In case you are wondering, the salesman won.

As I understand it, when man breaks loose from the pull of gravity and heads out into space, he becomes weightless, and the experts are afraid he can't stand the sensation of doing absolutely nothing while his rocket ship glides noiselessly through the silent reaches of outer space. "Space fliers cut off from all contact, may suffer a mental breakdown in a few hours," the experts said, and suggested an attempt should be made to "design a system in which the human operators are constantly occupied with meaningful and significant tasks."

State Recommends Sharp School OK

Full accreditation for Sharp School district has been recommended by the State Board of Accreditation.

The recommendation came to the State Board of Education. Action will be taken September 2 at a meeting of the state board, officials said. Accreditation board recommendations are usually accepted by the board.

The Sharp school last year was placed on a list of schools advised to improve deficiencies or lose state accreditation.

Capitol Report Daniel Insists State Has Funds For Fall Session

By Vern Sanford

Texas Press Association
AUSTIN—Despite the static about treasury troubles, Gov. Price Daniel insists that the Texas Legislature can hold a special session and still have money left over.

Recently, House Speaker Waggoner Carr and others suggested that the state might not be able to pay session costs without a new tax. But the governor said his budget department estimates that a brief session, limited to two or three subjects could be held for as little as \$250,000. He reported that some \$618,416 is available. This is considerably more than any previous estimate had indicated.

Governor Daniel made it clear that none of the objections have lessened his determination to issue a special call for passage of legislation by control, water conservation and possibly other important measures.

Help On Oil Asked—As the state moved into another month of low oil production, Governor Daniel wired Pres. Dwight D. Eisenhower that "a real emergency exists."

He asked the President's help in obtaining a limit on foreign oil imports. "More drilling rigs are being stacked," the governor's wire noted, with an "adverse effect on state revenues."

Because of lowered demand for Texas oil, the Railroad Commission set the August allowable at 13 producing days, same as for July. It is the lowest producing pattern ever used in the state.

Individual Incomes Up — Texans are getting richer, according to Uncle Sam's tax reports for fiscal 1957.

For the five state Southwestern area federal tax collections hit the all-time record total of \$4,346,149,316. More than half of this \$2,560,867,402 — came from Texas. This is a 7 percent increase for this state over last year's collections.

Of this total, 75 per cent comes from income taxes, the remainder from employment taxes, excises, etc. Revenue officials attributed the big jump to higher salaries in the Southwest.

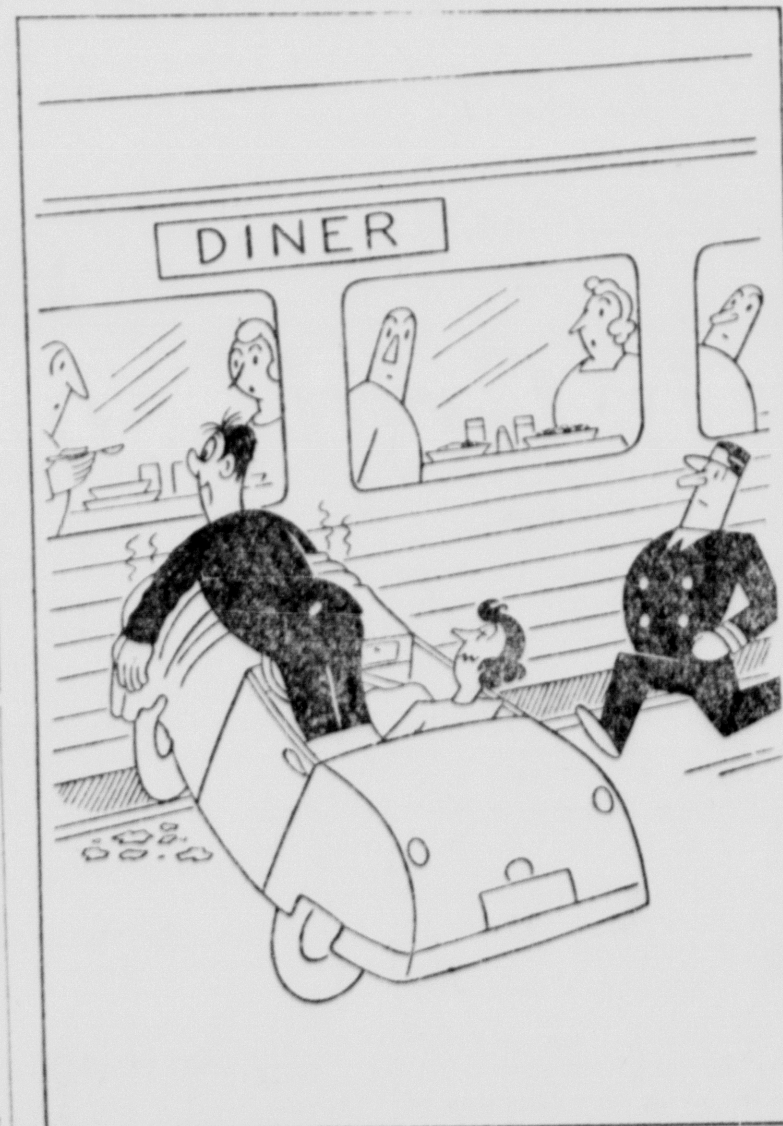

James Finch Earns Navy Promotion

WASHINGTON, D.C. (PHN)—The Navy Department announced the promotion June 16 of James I. Finch, son of Mr. and Mrs. Ira Finch of Minerva, Tex., and husband of the former Miss Nancy A. Ford of Milano, Tex., to electrician's mate second class while serving aboard the destroyer USS Wedderburn.

The promotion followed successful completion of Navy-wide petty officer examinations conducted last February and May.

FRONT and CENTER!

Front and center in this little community stands the Church.
Your church may not be so centrally located but all that it stands for is *front and center* in your community life:
The worship of the God who made us and all that exists... The teaching of love and unselfishness as the highest good for all men...
The preaching of the worth and dignity of each individual... The motivation for service in the community...
The battle against evil in high places and low...
Your community needs the Church and all that it stands for—front and center!
And the Church needs you!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Alcoa Outlines Plan For Employee Saving

A savings plan for certain salaried employees of Aluminum Company of America has been approved by the company's Board of Directors.

The plan will take effect if approved by government agencies after this year and by Alcoa shareholders at their annual meeting in April, 1958.

The major features of the savings plan provide for:

1. Participation by eligible salaried employees not covered by a collective bargaining agreement and not covered by company supplemental unemployment benefits.

2. Savings, through regular payroll deductions, of not less than 2 per cent and up to 8 per cent of an eligible employee's base salary, depending on the length of his continuous service with Alcoa.

3. Contributions by the company equal to 50 per cent of the amount saved by each participant, to be invested in Alcoa common stock.

The savings plan, as submitted for approval, contains detailed information covering administration, employee eligibility procedure for investment of savings, method of making withdrawals, and similar provisions.

In addition to this permanent plan, the Board of Directors also approved a preliminary program which, if approved by government agencies later this year, will permit savings to be accumulated prior to the shareholder's action in April.

If the plan meets governmental requirements and if it is approved

by the shareholders, both the contributions of the company and the savings of employees under the preliminary program will be turned over to a trustee.

Should the savings plan fail to achieve shareholder approval, employee savings accumulated under the preliminary program will be returned with interest.

Health Unit Advises

Roll Up Sleeves, Kids Shots Precede School

School days are five or six weeks away but it is time for parents to prepare their children for school so there will be no delays or undue absences according to county health officials.

The parents should have a copy of the child's birth certificate. A hospital certificate or a baptismal record is not acceptable in most schools.

A copy of the registered birth certificate may usually be obtained from the county clerk's office of the county in which the child was born or through the State Health Department. In either case a small fee is usually charged.

Shots Necessary

Immunizations are usually recommended and in some cases are required before the child starts to school.

In Milam County most of the schools recommend immunizations against diphtheria, smallpox, typhoid and polio.

The Cameron public schools require evidence of immunization against diphtheria and smallpox for first graders, smallpox for those entering other grades, Typhoid, polio, tetanus and whooping cough are also recommended.

Maysfield and Sharp schools require diphtheria for those under 11 years of age and typhoid and smallpox for all students. Polio, tetanus and whooping cough are recommended.

Rockdale public schools require smallpox for all ages, typhoid for those over 11 years of age and diphtheria for those under 11.

Polio, tetanus and whooping cough are also strongly recommended. Boosters are recommended at least every two years for typhoid, every three years for diphtheria, every four years for tetanus and every six years for smallpox. At present no booster for polio are requested after the initial three injections.

Shots Available 2 Places

These immunizations may be obtained from the family physician or if the family is unable to pay at one of the following clinics of the Milam County Health Department:

Cameron, 116 W. Gillis St., every Thursday from 8 a.m. to 5 p.m.

Rockdale, City Hall, 1st and 2nd Tuesday of each month, 9 a.m. to 4:30 p.m.

Thorndale, Fire Station, 2nd and 4th Tuesday of each month, 9:30 a.m. to 4 p.m.

In addition each child entering the first grade should have medical and dental checkups to deter-

Milam County's FARM SCENE

Milano Farmer Recognized For Soil Conservation Activities

M. H. Wimberly of Milano community is well known in the sandy land area of Taylor Soil Conservation District for his Soil Conservation interest in restoring old worn out farms.

Soon after World War II, Mr. Wimberly purchased 80 acres of worn out and eroded cropland a few miles out of Milano. He said that the old place looked bad, but he felt that he could restore it because he had done it before on land in the same area.

His first step was to contact the local Soil Conservation Service technicians for assistance regarding the needs of the land and preparing a plan to follow in order to get the complete conservation job done.

The permanent mechanical conservation jobs were completed first. These jobs included one diversion terrace, about two miles of terraces, one stock pond, and cross fences to provide for rotation grazing.

Even though the above mechanical practices are important, Mr. Wimberly places his greatest emphasis on the agronomic and recurring conservation practices.

Time was put on the land early in the program following this, legumes such as hubam clover and vetch were grown and put back into the soil to increase its organic content and fertility. He is quick to point out the value of fertilizers in the sandy land to speed up the conservation job.

He says that management is very important. He gives his grass rest by rotating his stock from one pasture to another. He manages his cropland so that large amounts of green manure and crop residues can be returned to the soil each year.

Today about ten years after Wimberly took over this farm, we find all erosion stopped, pro-

duction on all the cropland has more than doubled, good grass is growing on areas that were once bare, red clay hills. The pastures have vigorous stands of good grass, and in these pastures there is ample stock water provided by the stock ponds that have been constructed.

Wimberly can look with pride at a soil and water conservation job well done. When we talked to his neighbors about a conservation farmer in the community, all point to Hugh Wimberly and the job he has done on this once eroded and depleted farm.

Summer Dip Ebbs Livestock Prices At City Auction

The summer ebb expected in livestock prices arrived Thursday at Cameron Livestock Auction with 522 consignments recorded, officials told The Herald.

But the decline was not as severe as some cattlemen anticipated. Prices on fat cows were off \$1 to \$2 compared to last week, but good stocker steers and cows and calves sold in pairs at steady to strong prices.

A total of 159 sellers bought the 522 head of cattle and two horses.

Prices Thursday were:

Butcher Calves	\$19	\$22.50
Butcher Yearlings	\$17	\$20
Fat Cows	\$12	\$14
Canner & Cutter Cows	\$8	\$12
Stocker Steers	\$17	\$21
Stocker Heifers	\$15	\$17
Stocker Steer Calves	\$16	\$21
Stocker Heifer Calves	\$15	\$19
Bulls	\$12.50	\$16
Cows & Calves:		
Good	\$125	\$150
Medium	\$90	\$115

US Army Career Attracting Many, Figures Show

The United States Army as a career field is proving attractive to an increasing number of men according to statistics released today by the Fourth U. S. Army Recruiting District.

A total of 10,693 enlistments in the Regular Army were obtained for the 1957 Fiscal Year, extending from July 1956 through June 1957. The total included 7,587 men serving their first enlistment, 2,820 prior servicemen returning to uniform, and 286 enlistees for the Women's Army Corps.

Department of Army enlistment objectives for the year totaled 10,355. This objective is based upon the population potential of the five state area of Texas, Oklahoma, Arkansas, Louisiana and New Mexico. Thus, the Fourth U. S. Army Recruiting District exceeded its assigned objective by obtaining 103.26 per cent of its minimum objective.

The figures do not include the number of men reenlisting at the Army posts within the area. Actually the reenlistment program is proving so effective that the number of servicemen returning to active duty through the U. S. Army Recruiting Main Stations fell short of the assigned objective of 2,912 enlistments.

A Tribute . . .

To Our Railroad Men

The fine men you see sitting up in locomotives' cabs, heaving coal, setting switches and punching tickets aren't ordinary workers. They're transportation specialists, chosen to perform highly-important jobs. Old Joe, who's been pullin' those heavy freights for 40 years. Happy Bill who's been on his run since this town started. Faithful Fred who's been brak'ing just Lord knows when. These are family men, good citizens, excellent providers. Casey Jones has been immortalized in song and story because he and all railroad men typify the ever-rolin' ramblin' caboose-and-cab-lovin' personalities so important in our lives. ALL ABOARD!

NOTICE OF ELECTION

THE STATE OF TEXAS

COUNTIES OF WILLIAMSON, BURNET AND MILAM

TO THE RESIDENT QUALIFIED VOTERS OF SAN GABRIEL RIVER WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 OF WILLIAMSON, BURNET AND MILAM COUNTIES:

NOTICE IS HEREBY GIVEN that an election will be held on the 24th day of August, 1957, in said District, in accordance with the provisions and upon the questions contained in the following resolution and order passed by the Board of Directors on the 22nd day of July, 1957:

RESOLUTION AND ORDER
BY THE BOARD OF DIRECTORS OF SAN GABRIEL RIVER WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 OF WILLIAMSON, BURNET AND MILAM COUNTIES CALLING AN ELECTION UPON THE QUESTIONS OF CONFIRMING THE DISTRICT, AUTHORIZING THE ISSUANCE OF \$10,000.00 PRELIMINARY BONDS OF THE DISTRICT, AND ELECTING PERMANENT DIRECTORS FOR SAID DISTRICT.

WHEREAS, on the 17th day of June, 1957, the State Board of Water Engineers, upon hearing, granted the petition of more than fifty persons owning land in the District, and created, established and organized San Gabriel River Water Control and Improvement District No. 1 of Williamson, Burnet and Milam Counties, and appointed H. B. Fox, A. C. Weir, D. P. Irvine, Henry Labaj and C. V. Hutto directors for said district; and

WHEREAS, on the 17th day of June, 1957, the State Board of Water Engineers, upon hearing, granted the petition of more than fifty persons owning land in the District, and created, established and organized San Gabriel River Water Control and Improvement District No. 1 of Williamson, Burnet and Milam Counties, and appointed H. B. Fox, A. C. Weir, D. P. Irvine, Henry Labaj and C. V. Hutto directors for said district; and

WHEREAS, it is provided by law, particularly Article 7880-23, R. C. S. 1925, as amended, that after the District has been organized, and in any event within thirty (30) days after the date of their first meeting, the Directors shall make and publish an order calling an election within and for the District for the purpose of confirming the organization of the District by a vote of the qualified electors, and that at the same time and the same election the proposition for the issuance of preliminary bonds may be submitted, and

WHEREAS, it is further provided by law, particularly Article 7880-25, R.C.S. 1925, that as to all districts organized by order of the State Board of Water Engineers there shall be submitted at said first election the question of the election of five directors of said District; and

WHEREAS, the Board of Directors finds it necessary for the District to create a fund to pay the cost of organization of the District and of making surveys, investigations, attorneys fees, engineering work, cost of issuance of bonds, and other costs and expenses incident to the organization of the District and its operation in investigating and determining upon plans for its plant and improvements and the expense of issuing and selling bonds to provide for such permanent improvements; and

WHEREAS, the Board of Directors estimates the aforementioned expenses will aggregate the sum of at least \$10,000.00; and

WHEREAS, the Board of Directors has determined that preliminary bonds of the District should be authorized in said amount of \$10,000.00 for such purposes;

IT IS THEREFORE RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF SAN GABRIEL RIVER WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 OF WILLIAMSON, BURNET AND MILAM COUNTIES:

That an election be held within and for said San Gabriel River Water Control and Improvement District No. 1 of Williamson, Burnet and Milam Counties on the 24th day of August, 1957, on the following questions:

1. The question of whether the organization of said San Gabriel River Water Control and Improvement District No. 1 of Williamson, Burnet and Milam Counties shall be confirmed.

2. The question of the election of five (5) directors for said District.

3. The question of whether the Board of Directors of the District shall be authorized to issue preliminary bonds of the District in the principal amount of \$10,000.00, for the purpose of paying the cost of organization of the District and of making surveys, investigations, attorneys fees, engineering work, cost of issuance of bonds, and other costs and expenses incident to the organization of the District and its operation

in investigating and determining upon plans for its plant and improvements and the expense of issuing and selling bonds to provide for such permanent improvements, said bonds to mature serially or otherwise not to exceed (10) years from their date and to bear interest at a rate not to exceed five (5%) per cent per annum, and if there shall be levied and collected on all taxable property in the District for the current year and annually thereafter a tax sufficient to pay the interest and principal of said bonds as same mature.

II. That the manner of holding said election shall be governed by the general laws of the State of Texas for the holding of general elections, except as otherwise provided by the applicable provisions of Chapter 3A, Title 123, R. C. S. 1925, as amended, and only resident qualified electors of said District shall be qualified to vote on the questions of the confirmation of the District and the election of five directors for the District, and only resident qualified property taxpayers, who own taxable property in said District and who have duly rendered the same for taxation, shall be entitled to vote on the question of the issuance of the preliminary bonds.

III. That the ballots for said election on the questions of the confirmation of the District and the election of directors shall have written or printed thereon the following:

"FOR CONFIRMATION OF DISTRICT"

"AGAINST CONFIRMATION OF DISTRICT"

FOR DIRECTORS:

H. B. Fox
A. C. Weir
D. P. Irvine
Henry Labaj
C. V. Hutto
J. L. Stewart
(Five directors are to be elected. If any of the above named are not desired, strike out name and write name of other person in blank space.)

The ballots for the election on the question of the issuance of the preliminary bonds shall have written or printed thereon the following:

"FOR THE ISSUANCE OF PRELIMINARY BONDS AND LEVY OF TAXES IN PAYMENT THEREFOR"

"AGAINST THE ISSUANCE OF PRELIMINARY BONDS AND LEVY OF TAXES IN PAYMENT THEREFOR"

IV.

It having been found and determined that two municipal corporations are included within the area of the District, to-wit: the cities of Georgetown and Granger, both in Williamson County, Texas, and that a portion of the area of three counties are included within the area of the District, to-wit: the Counties of Williamson, Burnet and Milam, it is further ordered, in compliance with the provisions of Article 7880-115, R.C.S. 1925, as amended, that each of the aforesaid cities shall constitute separate voting districts; that the territory within the District in each of the aforesaid counties not situated within the aforesaid said cities shall constitute separate voting districts that the ballots cast in each of said voting districts shall be canvassed separately to show the result of the election therein; and that the District shall not include the area of any voting district which fails to adopt the proposition for the confirmation thereof by a majority vote of the voters participating in such election in that voting district.
